

# Hello

Vybz Kartel

Baby sometimes we failed  
It's all good, let's start again  
I wanna touch you so much it hurts  
Would you be there for me girl

You won't return my calls  
Don't get your friends involve  
They weren't there when we vow  
Cause that's the trust I know

Am so sorry  
Listen mi nuh yow  
Will you please pick up your phone hello  
Be pretty for the day  
Don't ever fade away

Would you please pick up your phone hello

Do you love me, do you?  
And I your sun, my moon  
I wanna spend forever wid you

I have is true  
Your mamma don't raise no fool  
This I promise you  
She don't compare to you
