

Live Your Life

Vybz Kartel

Everybody waan be a killer
Nobody no waan be a good guy
But still a good guy ever come dead last
While winner a di sinner
Caw a him get di Bimma
Di beginner never inna
Mansion on di hill and gyal a nam di banana
Yo swear a gorilla, him wuk more than a pillow
Ice conch meck thugs feel chiller
Get a couple business, couple 18th villa
Di evil that men do live after dem
While di good is intern wid di bone

Mi naw left di chromes
Mi wi do di thing and tek di charges like all cellphones
Kids tek notes, di wages of sin is death
But di ending a life is death
So mi tek a interest in living best
Cause fi impress, house fi invest

No princess, so di thing set
Push music, di range
Still push few more zeek and mi don't get di rims yet
Couple speakers, couple hams, fling in di big set
Big set, that's what mi listening
Diamonds glistening, when me pass girls whistling
Isn't he cute dem say hee, Addi di teacher

Deh pon di juggling
Mi deh pon di juggling
Mi no have no conscience when mi si di kids struggling
Mi left di pot pon di stove di water bubbling
Road, mi no left mi dawg and if yo trouble mi yo trouble him

Deh pon di juggling
Mi deh pon di juggling
Mi no have no conscience when mi si di kids struggling
Mi left di pot pon di stove di water bubbling
Road, mi no left mi dawg and if yo trouble mi yo trouble him

Double standard every way
Mi no pay dem no mind
Mi a gwaan do mine, police a push crime
Man a step pon crime, dem naw stop fi dem hustling but mine
Don't stop it, yuh won't profit
Di whole graphic is this
Is why dem don't love it
When ghetto youth meck money dem waan di whole of it
But it naw go work, worst things mi wi burst it

Don't get trick by conscience
When yuh a hustle caw yo naw meck one cent
For di pockets of yo jeans or yo placent
And that a nonsense living with financial absent
Di mount a things that man in di tint up balck Benz
With that yellow plate look never occur to yuh
Dem a jacket and tie while yuh di goroo

Live your life to di fullest
And never yuh do lest
Nor weh yo mind tell yo
So wa if yuh waan seh da
Every night paw tv drugs dem a sell yo
Ask yo doctor bout this, ask yo doctor bout that
Ask mi bout ti by di pound
By di keys x and r
What yuh think about that

Liquid dem a lock down di system
Try meck your money quick kid
Everybody waan get lifted
Young gifted and black, wi no form a money that wicked
Listen, mi naw stop look it
If it is missing, I took it
All a di treasure me after
That's when mi dead my kids dem fi prosper
A di teacher
