

Missing You A Lot

Vybz Kartel

So me a say, Up 2 Di Time enuh baby
I didn't see it coming
A stroke of lighting
Without you in my life, I'm thinking
If I could survive without you
The thoughts are so frightening
So me a say enuh
If you get this message, give me call
Baby!

I didn't believe it's come to this, I didn't see it
I never meant to do the things I did
I really need you in my life
I'm standing in the dark
Lonely lonely
Thinking how I might to live without your love...

I'm missing you a lot, missing you a lot
Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
In this world, you're all that I've got
I'm missing you a lot, missing you a lot
Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
Without your love...

I didn't believe it's when you say
That you were leaving
It hurts to know you put your trust in me
And I threw it away so easily
I'm lying in my bed, lonely lonely
Thinking how am I to live without your love...

I'm missing you a lot, missing you a lot
Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
In this world, you're all that I've got
I'm missing you a lot, missing you a lot
Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
Without your love...

Reminiscing 'bout the betta days
The memories of the past mek me haffi cry tears, and
Me know say me cyaan change me dutty ways
And now so me mother grow me as a good youth, she raise man
When people say me dissing you a lot
And a ruff you up for nothing, boxing and kick you a lot, now
Me wish, say me could a gi' you some hugs
And wish me could be kissing you a lot
But right now

Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
In this world, you're all that I've got
I'm missing you a lot, missing you a lot

Since you gone, can't say that I'm not
I'm missing you a lot, missing you a lot
Without your love...

I'm missing you a lot, missing you a lot
Since you gone, can't say that I'm not

In this world, you're all that I've got
