

My Love My Love

Vybz Kartel

When you touch me my heart goes
When you touch me my heart goes

My love, my love
Your the one who understands

My love, my love
Your the one who hold my hands

My love, my love
Your the one who understands

My love, my love
Your the one who hold my hands

Wah the pree, I don't know for sure
We did lost many miles a month
To a place never being before
I just don't wanna go alone
Somebody to care for
I don't mine girl I will be there for
And even if she's falls
Never let go, pretty baby

Little girl, let me tell you this
When you pass, I wanna steal a kiss
Never felt love like this
I just don't wanna go alone
Somebody to care for
I don't mine girl I will be there for
And even if she falls
Never let go, pretty baby
