

Rich Forever

Vybz Kartel

Granny used to tell me all the time
Sparks when faith and preparation combine
The road been right here all this time
But you gotta look with more than your eyes
A Jah Jah blessing this ain't no luck
World follow suit when your mind made up
I've seen paupers turn to kings and kings return to mud
When they neglect the truth or forget

But we good over yah so cah Selassie I we hail
Some'n like Jonah inna the belly of the whale
The whole world know this ya soul ain't for sale
Haile Selassie plan never yet fail

Rich forever
Rich forever
Rich forever
Rich with a loving family
Rich forever
Rich with ways, means, and strategies

Rich forever, family mi treasure in a system that
Breeds depression, who will ease the tension
Everyman for themselves, cheese intention
Meaning greens that evil invention
Matter how me teach dem need detention
Now humanity
Lost in vanity
Walls of politics, religious policies, burn dem fallacies
We a di pyramid people
No illusion, no one is coming to save us people
Everything is a state of mind, protect your mind
The school dem fail, a teach we hate fi self
Nuh knowledge how fi function inna the real world
But fi behave yourself dem even give the children dem nuh real work
How dem sleep at night mi nuh know
How dem sleep at night mi nuh know
How dem sleep at night mi nuh know
How dem sleep at night mi nuh know
How dem sleep at night mi nuh know

But we good over yah so cah Selassie I we hail
