

## Say A Praya (Divas)

Vybz Kartel

Glad you stuck around  
It's so lovely, loving

Ladies all around  
But you still on my mind  
You doing something right  
I'm glad you stuck around  
Say a prayer for me if I die tonight  
Tell God you made me proud  
I'm glad you stuck around

No it hasn't been perfect  
But it's been worth it  
You deserve everything goodness life brings  
I'm writing this with tears in mi eyes  
I've hurt you so many times, told you so many lies, I apologize

Ladies all around  
But you still on my mind  
You doing something right  
I'm glad you stuck around  
Say a prayer for me if I die tonight  
Tell God you made me proud  
I'm glad you stuck around

When I look at her children, I am certain God is real, love is real  
Without you I'm not [?]  
I'm writing this with tears in mi eyes  
I've hurt you so many times, told you so many lies, I apologize
