

Set It

Vybz Kartel

Life is like a roller coaster ride
That yo cyaa avoid
But just let God be your guide
And remember blessed is the man that walketh wide
From the house weh nuff ungodly deh
Yo no fi stay beside
Mi teacher seh heaven inna sky but shi lie
Pon the earth indemental everything reside
So black people hurry up recuperate yo pride
Restore back the glory, Mighty lord that's mi story

Meck wi set it, dem think seh wi dead but wi survive
Dem wi set it because the kids need a better life
Dem wiset it, fi trunk change mi work nine to five
When dem hear she wi bruk down wi buying over drive

Dem wi set it, dem think seh wi dead but wi survive
Dem wi set it, because the kids need a better life
Dem wi set it, fi trunk change mi work nine to five
When dem hear she wi bruk down wi buying over drive

Mi get inspire from the father once again
The meditation send from the paper to the pen
Listen mi, life is no just about what yo wear
Nor yo house, nor yon car, nor the papers wa yo spend
It's about the hospitality yo offer to a friend
It's about be depending on who yo can depend
We can live in love and unity without repent
Cause not all good things come to an end
Who dem seh wi a try offend
Dem tek try in mi prostitution
Painting for the trial to again
But mi have a big surprise fi dem
