A mouth some bwoy run off, meh bullet fly full speed

Black Talon a do the tearing
'Cause straight to head me aiming
Me give dem bullet fi share and care him
Push the rifle through the window
With one hand deh 'pon the steering
The Devil say, me scare him
And give him fish and say me too daring
If a the Beretta me blazing
And if a the Magnum, stun you stay still
Shot inna face a move dem eye glass
Shot inna ears a move dem ears ring
Your blood a run like Usain Bolt
Weh day yah when him deh a Beijing

Me spray 'K like Baygon spray can
Buss the M16, free hand

Shot faster than Western Union
Connect from Gaza, go 'cross De La Vega to Common
Wha' man, Big Yard, do land
We a kill them softly like R&B
The bwoy dem start the war on we
Get the guns inna the car and we
Circle dem ends and
