

Still Unbroken

W.E.T.

Lost and down
We've all been there before
Spinning round
Spiraling down to the floor
But I will rise from
This bed of flames
Standing my ground
Never back down
Still unbroken
Never look back
Spreading my wings to fly away
Standing my ground
Never back down
Still unbroken
Still unbroken
Peace I've found
There was no other way
The time is now
Get ready for your judgement day
I have risen

Once again
Standing my ground
Never back down
Still unbroken
Never look back
Spreading my wings to fly away
Standing my ground
Never back down
Still unbroken
Still unbroken
I have risen
Once again
Standing my ground
Never back down
Still unbroken
Never look back
Spreading my wings to fly away
Standing my ground
Never back down
Still unbroken
Still unbroken
