

# I For An Eye

WAAX

I'm just a girl  
I'm a girl  
A girl, a girl  
All your friends have a pedestal for you  
I'm just a shamer, I'm just a shamer like you  
You did your hair like you'd get Hansel  
And you can

Take it or leave it  
Or I'll keep it to myself  
You can take it or leave it  
Or I'll keep it

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting  
Oh why do I play myself  
For your foolish heart  
I'll be waiting, waiting

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting  
Oh why do I blame myself  
For an eye  
For an I  
For an eye?

I'm just a lady  
I'm just a lady  
Look out, out out  
Your bat your eyes like this is news  
I'm just a liar, I'm just a liar look out  
I can speak shit as fast as you  
And you can

Take it or leave it  
Or I'll keep it to myself  
You can take it or leave it  
Or I'll keep it

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting  
Oh why do I play myself  
For your foolish heart  
I'll be waiting, waiting

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting  
Oh why do I blame myself  
For an eye  
For an I  
For an eye?

You can take it or leave it

Or I'll keep it to myself  
You can take it or leave it  
Or I'll keep it to myself  
You can take it or leave it  
Or I'll keep it to myself

You take! You take! You take!

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting  
Oh why do I play myself  
For your foolish heart  
I'll be waiting, waiting

Oh why do I tell myself  
I should look up to you  
I'll be waiting, waiting

Oh why do I blame myself  
For an eye  
For an I  
For an eye?
