

## Jeff On The Streets

WAAX

2020 was cursed  
Wish I never was birthed  
Or taken to church, they put America first  
These days I feel so upbeat like a cat on a beach or like Jeff  
on the streets

I am a girl, I am a queen, I get fucked up, at least I'm free

Yeah, okay, I heard you the first time  
I'm so sick and broke and everything's a lie  
I'm freaking out, I don't know why  
I'm not afraid to fucking cry

Sometimes I just want to hit and to be heard  
Never bow down, and never to vow  
These days I just want to be and to believe that I'll be okay

I am a girl, I am a queen, I get fucked up, at least I'm free  
I am a girl, I am a queen, I get fucked up, at least I'm free

Yeah, okay, I heard you the first time  
I'm so sick and broke and everything's a lie  
I'm freaking out, I don't know why  
I'm not afraid to fucking cry

Yeah, okay, I heard you the first time  
I'm not afraid to do it all the time  
I'm freaking out, I don't know why  
I'm not afraid to fucking scream

(Ya ya ya ya ya ya)  
(Ya ya ya ya ya ya)  
(Yeah)

Yeah, okay, I heard you the first time  
I'm so sick and broke and everything's a lie  
I'm freaking out, I don't know why  
I'm not afraid to fucking cry

I am a girl, I am a queen, I get fucked up, at least I'm free
