WAAX

I've been angry, I've been changing  
Always something, always saying  
I've been disappointed lately  
Something's come up, I can't go out  
Tell me after, take a picture  
I've been disappointed lately

Must be high if you think that you're gettin' ahead  
No, it never begins, no, it never begins  
You're a girl and a girl isn't welcome in here  
Yeah, it is what it is, yeah, it is what it is

You were right, you were right, you were right all along  
You're better than me, I'm never enough  
In my head, in my head, I thought I was more  
Somewhere to be, somewhere to go  
You were right, you were right, you were right all along  
So, I'll pack my shit up and go

I've been binging, I've been purging  
I'll be skinny, at least that's something  
I've been disappointed lately  
Somethings come up, I can't go out  
You know a lot could happen  
I've been disappointed lately

Must be high if you think that you're gettin' ahead  
No, it never begins, no, it never, never  
You're a girl and a girl isn't welcome in here  
Yeah, it is what it is, yeah, it is what it is

You were right, you were right, you were right all along  
You're better than me, I'm never enough  
In my head, in my head, I thought I was more  
Somewhere to be, somewhere to go  
You were right, you were right, you were right all along  
So, I'll pack my shit up and go

I'm going  
I'm gone  
I'm going  
I'm gone  
I'm going  
You were right, you were right, you were right all along  
You're better than me, I'm never enough  
In my head, in my head, I thought I was more  
So, I'll pack my shit up

You were right, you were right, you were right all along  
You're better than me, I'm never enough  
In my head, in my head, I thought I was more  
Someone to be, somewhere to go  
You were right, you were right, you were right all along  
So, I'll pack my shit up and go

I'm going  
I'm gone

I'm going  
I'm gone
