

Nothing Is Always

WAAX

Dead!
From the heart to my soul
Where it starts
Back!
When I'm still, when I'm lying to myself
I don't believe my head is hurting me
I sink, I seep
I feel I am diseased but

We can meet up in the middle
We can meet up in the middle

Its like when you said
Oh, life's fucked up
Nothing Is always
It's like when you said
Oh, sometimes we mess up
Nothing is always

Dead!
By the past to your presence
I pick apart
I don't believe my head is hurting me
I sink, I seep
I feel I am diseased but

We can meet up in the middle
We can meet up in the middle
We can meet up in the middle
We can meet up in the middle

It's like when you said
Oh, life's fucked up
Nothing is always
It's like when you said
Oh, sometimes we mess up
Nothing is always

And so it, goes on
We're fucked up
Inside us
And so it, goes on
It's fucked up
Nothing is always

We can meet up in the middle

It's like when you said
Oh, life's fucked up
Nothing is always
It's like when you said
Oh sometimes we mess up
Nothing is always

And so it, goes on
We're fucked up
Inside us

And so it, goes on
We're fucked up
Nothing is always
