

Same Same

WAAX

I guess I lose again in the same way
I like habitual mistakes
And I swear I am a good kid
Trapped in the modern day

I use my hands for the countdown
Till the numbers sift away
I've been watch repeating for so long, I forgot I had a face
But I won't get no relief, and I won't get relief
And I won't get relief, and I won't get relief

'Cause I pace, I backtrack, till I walk the same path (What's a
nother?)
And I pace, I backtrack, till I walk the same path (What's anot
her?)

Two birds one stone in the same day
Till they're dragging me away
And I swear I am a good kid
Trapped in the modern age

I use my hands for the countdown
Till the numbers sift away
I've been watch repeating for so long, I forgot I had a face
But I won't get no relief, and I won't get relief
And I won't get relief, and I won't get relief

'Cause I pace, I backtrack, till I walk the same path (What's a
nother?)
And I pace, I backtrack, till I walk the same path (What's anot
her?)
And I pace, I backtrack, till I walk the same path (What's anot
her?)
And I pace, I backtrack, till I walk the same path

Oh no I'm drunk again
What do you ask of me?
I'm used extensively, what's another? What's another?
Oh no I'm drunk again
What do you ask of me?
I'm used extensively, what's another? What's another?

'Cause I pace, I backtrack, till I walk the same path
And I pace, I backtrack, till I walk the same path (What's anot
her?)
And I pace, I backtrack, till I walk the same path (What's anot
her?)
And I pace, I backtrack, till I walk the same path

Till I walk the same path
