

Wild & Weak

WAAX

It's a means to an end
I've beaten all self doubt once again
What's the hardest part of being alone?
It's the shake of a fist
A plot twist
An event I witnessed
What's the hardest part of being alone?

I stood up, I went on my way towards the exit
Left my head
Left my friends
I had no further questions

I'm wild and weak but I'll behave
I'm wild and weak but I'll stay sane
I'm wild and weak but I'll behave
I'm wild
I'm wild

It could mean anything
It could spell the end of me
Washed up teen
It's the shake of a fist
Feel the guilt
Til you quit
Til you've had enough

I stood up, I went on my way towards the exit
Left my head
Left my friends
I had no further questions

I'm wild and weak but I'll behave
I'm wild and weak but I'll stay sane
I'm wild and weak but I'll behave
I'm wild
I'm wild

I am here
But miles away
I'm drifting in and out of fear and senseless rage
I am here, but miles away
I am here
I am here

I went towards the exit!
Without a hesitation

I'm wild and weak but I'll behave
I'm wild and weak but I'll stay sane
I'm wild and weak but I'll behave
I'm wild
I'm wild

Wild
I'm wild
I'm wild

We're wild
I'm wild
We're wild
I'm wild
We're wild!
