

You Wouldn't Believe

WAAX

I can't recall when I last forgot
Something's wrong
I don't feel like I did back then
The trouble starts when I think too much
I'm moving parts
I don't feel like I did back then
I don't feel like I did back then

Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything
Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything

I keep composed but I know they know
A change has come
I don't feel like I did back then
I see it happening right behind my back
They whisper my name
It echoes back

Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything
Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything

I thought that I'd erupt
I thought I could breathe
But the feeling, the feeling it's chasing me
I thought I was fine to erase it
But what I'm seeing
And what I'm seeing
You wouldn't believe

You wouldn't believe
You wouldn't believe
You wouldn't

Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything
Something's got the nape of my neck
And I don't see no hands
I don't see shadow
I don't see anything

I thought that I'd erupt
I thought I could breathe
But the feeling, the feeling it's chasing me

I thought that I was fine to erase it
But what I'm seeing
And what I'm seeing
You wouldn't believe
You wouldn't believe
