

## Evil Force

Waco Jesus

When in doubt  
I fucking knock 'em out  
Start stabbing and start slabbing  
Toetagging bodybagging everyone around

My ability to absorb  
The impact of your fists  
While grabbing you by the throat  
And stabbing you in the chest  
I fucking dominate  
I fucking dominate  
I fucking dominate

We are the ones  
Evil force  
We are the ones  
Evil force
