

Public Animal #1

Waco Jesus

I'm the fucking blood and guts
Parasitic degenerate
The terror of America
Public animal number one

You've come to see the spectacle
Assault and battery part of the show
Breaking bottles on my head
Then carving up my own flesh
I slither around like a reptile
Throwing feces on the crowd
Outlaw gypsy junkie scumfuck
Public animal number one

I'm here to cause pain
Not to entertain
Don't want to get bloody
Stay the fuck away
Any fucking drug
I'll fucking shoot 'em
No laws no limits
No longer livin'

You wanna fucking come at me
It better be at full speed
My fucking stage is a warzone
No holds barred anything goes
Drag me around like a piece of meat
Push me down spit on me
Outlaw gypsy junkie scumfuck
Public animal number one

Always was is and shall be
The undisputed king of sleaze
I am your fucking enemy

Public animal
Number one
Public animal
Number one
