

# So Many Ways To Kill

Waco Jesus

Gore! More fucking gore  
So many ways to kill a motherfucker  
Like stringing 'em up for a slow grizzly torture

Plenty more to mutilate  
Plenty more to desecrate

Blood! More fucking blood  
i watch the body convulse in fucking agony  
Unable to scream cause I've punctured both kidneys

Plenty more to terrorize  
Plenty more to brutalize

Clubbing you with a crowbar  
Smashing in your skull  
Disciple of the Devil  
You're never found and I'm always on the hunt  
For another one

Carving out your eyes  
Then I smash 'em with my boot  
Both barrels up your cunt  
And then I fucking shoot

I watch your body bleed out  
From a thousand dripping slits  
Then I soak you in a chemical  
That eats away the skin

Infected by  
Mind-rotting visions  
Of bodily skinings  
Burnings and  
Amputations  
Bashed and slashed  
In and out of consciousness

Then a hatchet to the head  
Brings you to your knees  
A hammer to the hatchet  
The split is complete

So many ways to kill  
So many ways to kill  
So many ways to kill  
So many ways to kill
