

Straight From The Slums

Waco Jesus

Wasted... livin' drink to drink
Fuck it... I don't care what you think
Tattooed... lowlife fuckin' scum
Fuck you... don't pity what I've become

Coming straight out from the slums
The undergrowth of the underground
Under the influence all of the time
Fucked up or strung out until I die

Passed out... king of the local gutter
Face down... your typical motherfucker
Public... enemy # 1
That's right... that's what I've become

Wasted... livin' drink to drink
Fuck it... I don't care what you think
Tattooed... lowlife fuckin' scum
Fuck you... don't pity what I've become

Coming straight out from the slums
The undergrowth of the underground
Under the influence all of the time
Fucked up or strung out until I die

Tough as fuck
Relying on survival instincts
Tough as fuck
I won and rule these dirty sleazy streets

Straight, from the slums
