

Flyin'

Wade Bowen

You're already flyin'
Heaven's on the horizon
Sun through the windshield is shinin'
Paintin' everything gold
Life is all bout timin'
Love is wild and blindin'
Every road is windin'
So let the good times roll

Don't let it get away
Ok, just hold on tight
Every single day
Hey, is a ray of light
I can see it burnin' right there in your eyes

Turn up another song
Come on, girl, tap your feet
Let trouble go
Fall into that backbeat
Hey, why, why you look so surprised?

You're already flyin'
Heaven's on the horizon
Sun through the windshield is shinin'
Paintin' everything gold
Life is all bout timin'
Love is wild and blindin'
Every road is windin'
So let the good times roll

Don't rush good thing
Let time take its time
A real good feeling always
Has a reason why

Don't let it get away
Ok, just hold on tight
Every single day
Hey, is a ray of light
I can see it burnin' right there in your eyes

You're already flyin' (Flyin')
Heaven's on the horizon (Horizon)
Sun through the windshield is shinin' (Shinin')
Paintin' everything gold
Life is all bout timin' (Timin')
Love is wild and blindin' (Ooh)
Every road is windin' (Windin')
So let the good times roll (So let the good times roll)
You're already flyin' (You're already flyin')
Heaven's on the horizon (Heaven's on the horizon)
Sun through the windshield is shinin'
Paintin' everything, everything, everything
Life is all bout timin' (Timin')
Love is wild and blindin' (Love is blindin')
Every road is windin'
So let the good times, let the good times roll

Yeah, come on, come on, fly
