

Lovin' Not Leavin'

Wade Bowen

Back then by now
I'd a been out the door
Went south woulda won this tug of war
But these days anymore
I'm lovin' not leavin'

So far so good
No foot on the gas
Ain't running from trying to make something last
I'm thinking not so fast
I'm lovin' not leavin'

I'm hangin' in
I'm holding on
Ain't no telling where the old me's gone
With that goodbye on his breath
Just looking for a reason
To let it go
Let it fly
I must've found something I
Believe in
Cause I'm lovin' not leavin'

Used to crave that big sky under my wings
Grass everywhere else was a little more green
Never thought I'd lean towards
Lovin' not leavin'

I'm hangin' in
I'm holding on
Ain't no telling where the old me's gone
With that goodbye on his breath
Just looking for a reason
To let it go
Let it fly
I must've found something I
Believe in
Cause I'm lovin' not leavin'

Dust covering up my old truck in the drive
Second cup back porch coffee sun on the rise
I see it in her eyes
I'm lovin' not leavin'
Yeah I'm lovin' not leavin'
I'm lovin' not leavin'

Oh I'm lovin' not leavin'
Yeah I'm lovin' not leavin'
