

## Try Not To Listen

Wade Bowen

Sometimes I get captured by the way a song sounds  
It takes me inside and lifts me up off the ground  
It can make you feel love like you've never felt before  
Or it can make you cry and want to hide behind doors

For a song is more powerful than most people think  
Go ahead and sit by the jukebox  
And order up another drink

And try not to listen  
Try not to hear the words  
For that song that's always haunted you  
Is always gonna be heard  
I hope you listen to my songs  
I hope you listen to what I say  
This song's my life and that's the reason  
Oh the reason I was made

Sometimes I put some grit into it and sing it loud as I can  
And I scream and yell at the crowd hoping that they understand  
And sometimes they yell back and it's as crazy as it can be  
And I think to myself, what a hell of a life I lead

For a song is more powerful than most people think  
Go ahead and sit by the jukebox  
And order up another drink

Sometimes it's real slow and tender as it can be  
And I look into your eyes and I wish you could see what I see  
You may not want to listen, you may not like my style  
But I promise you by the end of the night, there's something you  
u're gonna realize

That a song is more powerful than most people think  
Go ahead and sit by the jukebox  
And order up another drink
