

# Big Thoughts

Wafia

Crying in a cab, what a mess I'm in  
Losing my mind since I left your lips  
Hanging out the window with my head on fire  
Thought I didn't care  
What a lie

Ooh, ooh  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts

Baby, is it okay  
That I never wanna hold anybody else ever again  
Ever again  
Ever again?  
Baby, is it okay  
That it's you and only you I wanna fall for ever again  
And over again  
And over again?  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts  
Ooh, ooh

Breathless through my door at a half past one  
Dancing in a blissful oblivion  
Calling down to you up from outer space  
I just wanna reach you to say

Baby, is it okay  
That I never wanna hold anybody else ever again  
Ever again  
Ever again?  
Baby, is it okay  
That it's you and only you I wanna fall for ever again  
And over again  
And over again?  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts

Thought I didn't care  
(I said no more big thoughts)  
Thought I didn't care  
Thought I didn't care  
What a lie  
Thought I didn't care  
(I said no more big thoughts)  
Thought I didn't care  
Thought I didn't care

Baby, is it okay  
That I never wanna hold anybody else ever again  
Ever again

Ever again?  
Baby, is it okay  
That it's you and only you I wanna fall for ever again  
And over again  
And over again?  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts  
Ooh, ooh  
I said no more big thoughts

Thought I didn't care  
Thought I didn't care  
Thought I didn't care
