

Sad Shit

Wafia

Remember when you said I couldn't ever do this without you?
Almost had me believing that shit, that shit
Remember when you said nobody could love me the way you do?
Almost had me believing that shit, that shit

Said if I loved you I'd drop all my dreams
Then called me selfish when I disagreed
I'm so dramatic, emotional
How'd I get so lucky to have someone like you want me?
There to remind me how small I should be
You're so protective
So justified but it's 'cause you love me right?

Remember when you said
That shit
You had me believing
That shit
Imagine suppressing a
Bad bitch
That would have been on some
Sad shit

Remember when you said
That shit
You had me believing
That shit
Imagine suppressing a
Bad bitch
That would have been on some
Sad shit

How come you give me what I'm asking for
Only when I'm on my way out the door
I'm so erratic, temperamental
And of course it always will be my fault
But I'm starting to think you're causing the problems
And it's so convenient that you can solve them
You got all the answers oh my
But it's 'cause you love me right?

Remember when you said
That shit
You had me believing
That shit
Imagine suppressing a
Bad bitch
That would have been on some
Sad shit

Remember when you said
That shit
You had me believing
That shit
Imagine suppressing a
Bad bitch
That would have been on some

(Uhhh, hmmm, hmmm)

And I'm starting to think you're causing the problem
And it's so convenient that you can solve problem
And I'm starting to think you're causing the problem
And it's so convenient that you can solve problem
And I'm starting to think you're causing the problem
And it's so convenient that you can, solve problem

(Hmmm, hmmm, hmmm, hmmm)

Remember when you said
That shit
You had me believing
That shit
You had me believing
That shit
That would have been on some
Sad shit

Remember when you said
That shit
You had me believing
That shit
Imagine suppressing a
Bad bitch
That would have been on some
Sad shit

Almost had me believing that shit, that shit
Hmmm
