Lighthouse

The Waifs

```
      Am
Lighthouse tall and grand,
   C            G      Am
standing on a cold headland.
   Am
Shine your light across the sea,
         C              G        Am
for a wayward sailor girl like me.

        Am                     C     G       Am
Lighthouse man, guid this sailor back to land.
Am
Steer my ship on through the storm,
 C               G        Am
back to waters safe and calm.

Dm                                        Am
Sometimes I need a lighthouse of my own,
     Dm                                          Am
it gets so dark I can't see which way I`m going.
        Am
Lighthouse man I`m all at sea,
  C                            G       Am
shine your little lighthouselight on me.

 Am
Lighthouse man help us all,
  C                  G         Am
sowe are saved and sowe will fall.
   Am
He'll show you where the danger lies,
     C                   G      Am
but he can't help if you capsize.
  Am
He'll light your way but that is all,
  C                  G            Am
steer your own ship back to the shore.

 Dm                                      Am
Won`t you light my lonely way back home.
 Dm                                    Am
This sea is full of missery and woe.

     Am
Oh,  woul`d  be  tide to those that say,
C                                  G          Am
they don't need no light tol ight their way.

  Am
They think they`re safe enough on their own,
   C               G      Am
drown in murky depths bellow.
