

# Standing Strong

The Waifs

Don't take this away from me baby  
'Cause I feel it all tonight  
Your eyes tell me that I'm home  
But I  
Feel like a stranger under the northern skys  
I feel like a stranger

Our blood lies in this here sand  
It's burried down under the sheo trees  
Young boys will grow into men  
Stand strong against Buffalo? winds  
Ohh see 'em standing strong

So don't take it away from me  
Take it away from me  
Don't take it away from me baby  
I feel it all tonight

Your eyes tell me that I'm home  
Your eyes tell me that I'm home  
Your eyes tell me that I'm home  
And I won't feel like a stranger

And there was something devine in the way we met

In the distant isle on a leaking boat  
We sang songs under conspiring stars  
They hatched a plan and sent us far apart  
8 years go by and you walk through the door  
My life was in a mess my heart was on the floor  
You lifted it up and thats when I knew  
I was meant to be with you

So don't take it away from me  
Take it away from me  
Don't take it away from me  
I feel it all tonight

Your eyes tell me that I'm home  
Your eyes tell me that I'm home  
Your eyes tell me that I'm home  
See ya standing strong

Take it away from me x 6  
Standing strong.
