## Waka Flocka Flame

Fire out my mouth, like I'm Charizard  
Fire out my mouth, like I'm Charizard

Came in this game, I was a youngin, I'm Charmander  
Came in this game, I was a youngin, I'm Charmander  
Walkin' through the grass by myself, kickin' ass  
Rattata and bugs tryna get me Fire too fast  
Ash put me to the test, so I burned 'em all  
Came a long way from Pallet Town, I gotta ball  
Headed to the south side, Route 21  
That's Cinnabar Island, trainers know we wildin'  
First stop, Marketplace, 'cause they know I love stylin'  
If they try to play with me, you know I'ma down 'em  
Can't wait to hit the gym 'cause Ash know I got 'em  
Scratch and growl at 'em, Ember, Fire atom  
Ash hit me with a potion, now I'm back focused  
Level keep goin' up as I get older  
I see fire on my tail as I get stronger  
Sixteen, skin all red, boy, game over

Fire out my mouth, like I'm Charizard  
Fire out my mouth, what I'm worried 'bout  
Fire out my mouth, what I'm worried 'bout

Grass Scratch, Ember, Leer, Rage Slash, Fire Throw, Fire Spin  
I can play the game by myself, I don't need a friend  
Gary and Bulbasaur probably out here hatin'  
Just got a phone call, Team Rocket at the store waitin'  
I can't wait to clash, Ash said have a lil patience  
'Cause we gotta battle Misty in Cerulean City  
They know that I'm picky, love my girls friendly  
Shawty got that water from Vermilion City  
You know that's my weakness, trainers wanna be  
Elite Four, defeat 'em all when I evolve to Charizard

Fire out my mouth, like I'm Charizard
