Waka Flocka Flame

I give my life for you
I die and come back, do that twice for you
I'm acting mean and even nice to you
I'll gamble it all and roll that dice for you
I lay down pipe and build that pipe for you
Empty the clip
I be fucking you the way I'm fucking you
You fell in love with the dick
Yeah, you know what it is
Yeah, you know where it's at
We be fighting, you said that you leaving
You all in your feelings, you mad

I came too far, it ain't no going back
And I love hard, I know you notice that
Give me your heart, I hold it like a snack
Play your part, you knowing how to act, so
If I'm with you then I'm with you, it's forever
If we making things official, it's forever
All these niggas superficial, it's whatever
If I wanna press the issue, it's forever
Keep it one hundred, like these two shots
Ooh, it's 3AM and it's forever
Keep it one hundred, like these two shots
Ooh, it's 3AM and it's forever

Look me in my face, wanna take my place
Say I keep my word, I do what I say
Do the time, when it come to us
Bonnie and Clyde, we gon' ride with the windows up
Swerve, swerve, his and hers, jump off the curb
Put 'em in the dirt if they mess with you up on the surf
Us versus them, trust, stand on him
Baby, you a ten, crazy how we been

I came too far, it ain't no going back
And I love hard, I know you notice that
Give me your heart, I hold it like a snack
Play your part, you knowing how to act, so
If I'm with you then I'm with you, it's forever
If we making things official, it's forever
All these niggas superficial, it's whatever
If I wanna press the issue, it's forever
Keep it one hundred, like these two shots
Ooh, it's 3AM and it's forever
Keep it one hundred, like these two shots
Ooh, it's 3AM and it's forever

And it's forever
Us versus them, trust, stand on him
Baby, you a ten, crazy how we been
(Oh yeah, I'ma keep that take)
