

# Only One

Wakefield

It's a beautiful night  
With the radio on  
I've got my shoelaces tied up  
Tighter than the sun  
I turn the radio up  
(You're the only one)

You see my baby's on her way  
A way that's turning me on  
She, she's never gonna stop  
Until she hits the right spot  
I turn the radio up  
(He turns the radio up)

She's got me dripping from my fingers  
She's got me soaked to the bone

You know, you're the only one  
You're the only one for me  
You know, you're the only one  
And if you ask I'll get down on my knees  
You know, you're the only one  
You're the only one for me  
(You're the only one)

I've got my sunglasses on  
And four on the floor  
I'm gonna push it really hard  
Until she can't take no more

You see my baby's on her way  
She's got a way of turning me on

She's got me dripping from my fingers  
She's got me soaked to the bone

You know, you're the only one  
You're the only one for me  
You know, you're the only one  
And if you ask I'll get down on my knees  
You know, you're the only one  
You're the only one for me  
You're the only one

You know, you're the only one  
And you know, you're the only one  
And if you ask I'll get down on my knees  
You know, you're the only one  
You're the only one for me  
You're the only one

For me
