

## C'est La Vie

Wakey!Wakey!

C'est, c'est la vie  
I am through with you the way that you've been through with me  
Strange that it's sweet  
Some of the sun, that keeps on burning  
How we are so sure it would stop burning

Heeeeeey  
You little faith  
You little faith  
Heeeeeey  
Celebrate  
Celebrate  
Celebrate

These sunburn hands  
They're growing tired of paintin' your dead flowers red  
This sun will set  
Just as the world will go on turnin'  
I was so sure it would stop turnin'

Heeeeeey  
You little faith  
You little faith  
Heeeeeey  
Celebrate  
Celebrate  
Celebrate  
Heeeeeey  
You little faith  
You little faith  
Heeeeeey  
Celebrate  
Celebrate  
How the sun still shines upon you
