

# Don't Give Up

Wakey!Wakey!

I can feel you smilin'  
From a million miles away  
And I can hear you laughin'  
Through every word you say

Oh, indeed hard times  
While you losin' your mind  
Just remember to be kind  
To yourself

And don't give up  
We will overcome  
It might take a little time  
But don't give up, my friend

And there will be a mornin'  
When the sun will rise again  
And there will be an evenin'  
To relax and take it in

So, on your worst days  
Remember what I say  
Try to take it easy on yourself

And don't give up  
We will overcome  
It might take a little time  
But don't give up, my friend

And don't give up  
We will overcome  
It might take a little time  
But don't give up, my friend

Woo, my friend  
Woo, my friend  
Woo  
Woo

And don't give up  
We will overcome  
It might take a little time  
But don't give up  
But don't give up  
But don't give up, my friend
