

## Overwhelmed

Wakey!Wakey!

You don't have to worry about the love I'm feeling  
Lying there awake, staring at the ceiling  
Tell me that you're nervous  
Tell me you're afraid  
Tell me that your heart is full enough to break but  
You don't have to worry 'bout the love I'm feelin'

Keep calm and carry on, keep calm and carry on  
Don't worry if your tongue gets tied up  
Don't worry if it's not like home  
Keep calm and carry on, keep calm and carry on  
And don't get overwhelmed  
And don't get overwhelmed

You don't have to worry 'bout the right words coming  
When you try to tell me all the ways you love me  
Tell me that my heart's a million miles away  
Tell me that your heart is full enough to break but  
You don't have to worry 'bout the way I'm feelin'

Keep calm and carry on, keep calm and carry on  
Don't worry if your tongue gets tied up  
Don't worry if it's not like home  
Keep calm and carry on, keep calm and carry on  
And don't get overwhelmed  
And don't get overwhelmed

Overwhelmed, overwhelmed, overwhelmed  
Overwhelmed, overwhelmed, overwhelmed  
Overwhelmed, overwhelmed, overwhelmed  
Overwhelmed, overwhelmed, overwhelmed

Keep calm and carry on, keep calm and carry on  
Don't worry if your tongue gets tied up  
Don't worry if it's not like home  
Keep calm and carry on, keep calm and carry on  
And don't get overwhelmed  
And don't get overwhelmed  
And don't get overwhelmed  
And don't get overwhelmed
