

## Phoebe Cates

Wakey!Wakey!

I remember seeing you wade from the water  
In the summer when we set fire  
To the things we'd been I swear your skin  
Was the reason God made eyes  
So we snuck away that night to the city  
In your arms I came to life  
While you danced with me  
What the jukebox made  
Became the soundtrack of our lives

My money's on you  
Like it always was  
Like it always was

When the autumn came your dad moved away  
And he left you with your mom  
When you got the news I was there with you  
And we cried on my front lawn  
I swore I'd never do the same  
No matter what life put us through  
We said, young love is the best love  
Cause it's the only one that's true

Flat broke but my money's on you  
My money's on you  
Like it always was  
Like it always was

My Money's on your love  
Your love  
Flat broke but my money's on your love  
Your love

In the winter we shivered by the frozen river  
But your eyes never lost their glow  
It made me not want to be a good man  
It me want to be the best you know

It made me wanna put my money on you  
Flat broke but my money's on you  
Flat broke but my money's on you

Flat broke but my money's on your love  
Your love  
Flat broke but my money's on your love  
Your love
