

Together

Wakey!Wakey!

Let's get away
You been inside for way too long
Heaven awaits
You're too far away
It all feels wrong

And I'm tired of waiting
So tired of waiting
Yeah, I'm tired of waiting

Ready to be back together
Together with you
Ready to be back together
Together, ooh
Ready to be back together
Together with you
Ready to be back together
Together, ooh

All this sky
Forgotten by all this city life
Opening wide
Fills my souls with all this light

And I'm tired of waiting
So tired of waiting
Yeah, I'm tired of waiting

Ready to be back together
Together with you
Ready to be back together
Together, ooh
Ready to be back together
Together with you
Ready to be back together
Together, ooh
