

## So Black & Blue

Waldeck

Why did I feel so black and blue  
When all I did was loving you  
Why on earth can't stand the pain  
Why did you do that thing again

Why did I feel so black and blue  
When all I did was loving you  
Why on earth can't stand the pain  
Why did you do that thing again

Why did I feel so black and blue  
When all I did was loving you  
Why on earth can't stand the pain  
Why did you do that thing again
