Cupid caught me with no kevlar, my shit exposed
My heart is bleedin' on my sleeve but it ain't broke/blood
It's just that everybody see what I ain't mean to show
And if I'm fallin', you ain't gotta be my pick me up
The path you're walkin' probably hard enough, that's really love
I'm really goin' through some problems, I won't share with her
I let her walk and pray that God will send her when I'm good, go
Don't be geekin', no never (Caramel kisses), spend a week all alone (You send my way)
I've been chasin' these goals, I've been unreachable, don't I?
