

Corner Bottles

Wale

I ain't trying to sound, like, fucked-up about you, but it's like
It's fucked-up, hmm
And it's about you
Last night

Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes

They say heartbreak is the best teacher, I done been here before
Did a lot of songs and a lot of features, y'all don't wanna hear no more
The heavyset women are singing their note, that mean it's over, over, over
I wasn't ready, you told me to go
Keep all my clothes, just give me some closure
I would just be on the sofa
(Sleepless nights), yeah
That's when I knew it was over
That's when the homies was saying, "I told you"
Now I be fucking with no one
That's why I'm fucking these hoes up
I really wish I could grow up
But I don't miss you when I'm sober

Fuck

(Sleepless nights)
That's how the love goes
That's how the love goes

Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes
That's how the love goes
Corner bottles
Sleepless nights
That's how the love goes

That's how the love goes

Extra, extra

It's a movie tonight, you an extra
I got two with me now in the section
I got too many numbers that's unblocked
'Cause of you, I'm 'bout to play Tetris
Ha-ha

Extra, extra

I did what I did to protect you
Looking stupid here tryna protect you
Don't confuse talent with the help, though

Took a leap of faith, least we could say we tried, though (Tried, tried, tried)

And I learned some things, your love gon' stop, but time don't (Don't, don't)

Want seclusion or being available?

Would I do it again? I don't really know
When you want 'em to move, be accessible

Corner bottles

Sleepless nights

That's how the love goes

That's how the love goes

Corner bottles

Sleepless nights

That's how the love goes

That's how the love goes

Corner bottles

Sleepless nights

That's how the love goes

That's how the love goes

Corner bottles

Sleepless nights

That's how the love goes

That's how the love goes

Corner bottles

Sleepless nights

That's how the love goes

That's how the love goes
