

# Drunk & Conceited

Wale

Wale, the diaries of a lexicon legend  
This shit the same walk that got me out these boxes  
The same shit  
I wanna see you make your permanent exit with  
I'm too grown to f\*ck with a bitch who ain't live yet  
From cold nights in DC to summers on sunset

Wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?  
Cause I f\*ck with you hard, but you won't play my heart  
Okay now wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?  
Cause I f\*ck with you hard, but you won't play my heart

Shawty, shawty, shawty, shawty, shawty  
I been on and off the road, yeah  
It's complicated, complicated  
She always come, always go, yeah  
Drunk as f\*ck, I'm tryna stroke or something  
Might sober up and back up on the money  
Shawty, shawty, shawty, shawty, shawty  
I'm on the road, yeah  
Sex the weapon  
Murdered the lil cat and number of orgasms  
Wanted this 187  
Who was killing the p\*ssy? Who will f\*ck you to sleep?  
Who would shout out the blessing, only once, I ain't two  
When you needed a feeling, who put the vibe on you?  
Mandingo, she ain't gon' see this what I do  
And her thighs feeling like a whole tribe in you

Oh girl, wassup?  
The Uber kicked me out, said I was too f\*cked up  
And I'm stranded I don't trust no one but you  
I mean I do got like a few  
Matter fact, FaceTime me right quick  
Never mind, your texts ain't blue  
I'm just being crazy  
I know this ain't love baby  
And I ain't called you lately  
But I been drinking  
Now where the f\*ck is your car?  
Drunk and conceited

Wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?  
Cause I f\*ck with you hard, but you won't play my heart  
Okay now wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?  
Cause I f\*ck with you hard, but you won't play my heart  
Okay now wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?

Cause I f\*ck with you hard, but you won't play my heart  
Okay now wassup? I don't really need ya, I just want ya  
See you got me f\*cked up, know when I f\*ck with you hard  
What you gon' play your cards yeah?  
Cause I f\*ck with you hard, but you won't play my heart  
Okay now wassup?
