

Fire & Ice

Wale

Uh

They told me I ain't wrote nothin' poetic in a long time (Ooh,
ah-ah, ah)

I want your fire, I want your fire, fire and ice

Ice, ice cold (Ice, cold, cold, you hot or you cold?)

Rain on me, yeah, you fire, baby

(Ice mixed with fire)

Ice, ice cold

Rain on me, your fire, baby

(I want your fire, I want your fire, fire and ice)

Ice, ice cold (Ice cold, yeah)

Rain on me, yeah, you fire, baby

Let's go, yeah

I want your love me and never hate on me

I want your trust when you when you look away from me

I want your guts and do nothin', lay with me

I want you fuck me like Julie Kay movies (Mm)

If that's okay with you

I want you to feel like you everything to me

What can I give you, you never had?

My competition, your shower head

I love how you lovin' you by yourself

But I got that love have you comin' back

To back to back, to back to back

She cold, she cold, she never text

She hot, she knows, but I ain't trippin'

You put that together, get an umbrella

Splash

Ice, ice cold (It's hittin' different, get it?)

Rain on me, you fire, baby (Fire, baby)

Ice mixed with fire (Hey)

Ice, ice cold (Ice cold, yeah)

Rain on me, you fire, baby (Fire, baby)

I want your fire, I want your fire, fire and ice

Ice, ice cold (Ice cold, yeah)

Rain on me, you fire, baby (Fire, baby)
