

Upper body, might work for that  
But you ain't a model where your focus at  
Know too many broads, going way too hard  
So have a glass of water for your thirsty ass  
Like that, your thirsty ass  
Know it's a problem and we notice that  
You be goin' too hard and never know when to stop  
Have a glass of water for your thirsty ass  
Like that, your thirsty ass  
Know it's a problem and we notice that  
You be goin' too hard and never know when to stop  
Have a glass of water for your thirsty ass  
Like that

She got Instagram, niggas in town prolly been through that  
So the niggas from outta get the pics from outta  
Niggas clickin' they mouse she get a clip in them  
It's like that, broad thick as shit  
On the real though I'd prolly do some shit to it  
But every nigga I follow prolly been through it  
For every dirty dog there lies a thirsty bitch  
It's like that, and I ain't perfect miss  
But to be modest, I ain't worth a bit  
Got a son with no father, ain't got no one to watch her  
Only care 'bout the comments sittin' under the pic  
It's like that, such a narcissist  
They don't acknowledge 'til she blog her tits  
Can't get any more out her even that equip  
But still make it a problem when I ask to hit

He on Instagram, followin' broads that never follow him  
Take a pic of the watch, it might get him some box  
But what she won't find out, it don't belong to him  
It's like that, with all his kicks  
In the club with some bottles and like all his pics  
We applaud it yeah, you a boss for real  
But it's easy to cop livin' in mama's crib  
It's like that, on a search for it  
Prolly show you his closet, never show you a crib  
Yeah the thirst is real, get to twitter and get on every girl in it  
It's like that, type of nigga is you  
I'm the type that ain't trippin' cause I be gettin' the loot  
Like I'm already groomed, when I come to the room  
Talkin' yellow and bare, my nigga Winnie the Pooh  
Tryna build me a pool, tryna give me a chick  
Tryna see what to do, tryna kick it a bit  
Tryna take the steps before you gon' think I know your man  
Baby have you a sip, it's like that
