Juggin

Wale

A hundred M's won't make me change up on my nigga
A hundred M's I never change up on my nigga
A hundred M's I never change up on my nigga
Change up on my niggas

I've been juggin' for weeks, I've been calling the shots
Movin' work out the suite, so they check in with me
So they check in with me, told me nothing is sweet
I've been juggin' for weeks, I've been calling the shots
Movin' work out the sweet, you better check in with me
Me, yeah

Get it, go, get it, go
Get it, get it, get it, go
Get it, go, get it, go
Get it, get it, get it, go
Get it, go, get it, go
Get it, get it, get it, go
Get it, go, get it, go
Real nigga sticking to the code
Work

Say "Big Wax", say "making heights"
So many a time I sitter these streets, they almost claimed my life
But I'm still here, I buck'em
Still on the dice and I bust'em
Then scoop the money like fuck'em
Know I be thuggin', no they can't touch him
Go to Bahama, go to Club Leer
That Ocean Drive, it take me a dime
But a real nigga gotta live
Purple circle boys, yeah you see us every blue moon
My city united and they guide it, yeah that coming soon

What's shaking there bro? What's the motivation there, Joe?
(Vacation is over, this niggas ain't faking no more)
Okay, I put you on, I was a GP
A couple songs like an EP
Young Folarin don't do lean
Three cups got'em on three Z's
Me, just a green leaf
Little Hennessy willing to complete me
Really these little niggas on anything
So if anything in the bing we should never think
Wal-ee say a piece, stay on your thing
Fuck a cellphone too, that's the second thing
Fuck a 3G phone, spent 3 G's on a badabing
Bararring before you get to speak

A hundred M's won't make me change up on my nigga
One-hundred M's, one-hundred M's
One-hundred M's won't make me change up on my nigga
One-hundred M's, one-hundred M's
I get it and I get it going

I'm trapping on my [?]
Two-hundred on the dash, I pull up GT chrome
Three-hundred, my style's born
And everything designer homie
Every time they say they waiting on me
So why they say they hating on me
I'm just tryna make it homie
