

# Like I

Wale

Alright, let me hear this  
Where I'm 'posed to—

Have you ever been touched like I touch you?  
Been held like I hold you?  
Been loved like I love you?  
Have you ever been seen like I see you?  
Been heard how I hear you?  
Been felt how I feel you?

Next time, I send you flowers, shawty, you better

Now I can't lie, I've been at war with the business  
I can't smile until I look into your picture  
I think Valentine's Day is for forgiveness  
I thank God that you see me 360  
Five out of five times, you five times two  
I be high all the time, I'm tryna stop around you  
I be out when I'm out, you see me try to it play it cool  
I keep a goddess around, but I see God and she in you (You)  
Look, I got this thing on my mind, right  
That when it's you and I, everything is in hindsight  
You forget that you and I is who we are, but that's why we vibe  
It's sad they envy green, but the gag is their limelight  
But back to you and me, I'm glad that your mind right  
'Cause I'm an explosive thinker, you pray for my mind right  
Ironic, the bomb, you are heaven and God too kind  
How can someone so flawless love all these flaws of mine?  
I know the stars align, I know Allah is involved  
I know you talk to the Lord, often, I talk to the bar  
Tenders and dealers and more, I'm slippin', I'm fallin', lost  
Crippled by my addiction, but you let me walk in your heart  
You on your spiritual journey, I know what's up (I know what's up)  
Me and all these spirits that live in my solo cup (Solo cup)  
You above the law like a fugitive on the run (On the run)  
'Cause you done stole my heart, but you don't wanna be cuffed  
You don't like all these clubs, but this the life I was given  
You got a right to be distant, don't mean I gotta be judged  
This album ain't going platinum no matter how this shit done  
You hate what's happening to me, can't let it happen to us

Look, the potential here is infinite  
Man, can I be your nigga and your kin?  
Shawty, you seen me in some darkest days (Darkest days)  
So, you see why I be super lit, right?

The potential here is infinite  
Can I be your scripture and your script?  
I wanna touch you all type of ways  
Could you touch a nigga life type different?

But me and you have to talk  
Hahaha

Have you ever been touched like I touch you?  
Been held like I hold you?  
Been loved like I love you?

Have you ever been seen like I see you?  
Been heard how I hear you?  
Been felt how I feel you?
