

# LoveHate Thing

Wale

Hold me tight, let me go  
Heal my heart, hurt my soul  
Build me up, break me down  
Make me smile, make me frown  
Give me love, take it all away again  
Give me love, take it all away again

Ain't no love in the heart of city, that's what they told me  
Beefing over 100 niggas, don't none of 'em know me  
Son of a mother studying at UDC  
Sitting in taxi cabs, where daddy roaming the streets  
Seven hallelujahs, my sutana was clean  
On everything I weared are the American tee's  
This whole system the most prolific in the DMV  
Listen when you get the keys it's seldom you don't get the beef  
Make a nigga wanna get the piece to get the peace  
You gon' need more than Wikipedia to get to me  
PG to Mo County bet they all know 'bout me  
Every hood, every 'burb, I got superb balance  
From the city that made me love you forever for it  
Hope you celebrate every moment forever ignore it  
You made me what I am, you made me what I'm not  
They gon' love you a little different when you at the top

Give me love baby  
Not enough, not enough, just a touch baby  
What the fuck baby, it's just us baby  
This ain't right, this is life  
This is love hate thing

Hold me tight, let me go  
Heal my heart, hurt my soul  
Build me up, break me down  
Make me smile, make me frown  
Give me love, take it all away again  
Give me love, take it all away again

Yeah, my affinity grows as the city gets cold  
As you reaching your goals, you gon' meet you some foes  
Having dinner with Leonsis I'm dreaming to own  
But for now me and my homies see the bottom floor  
I'm trying to redefine the culture, and a bigger soul  
Women in town but I manifesting every goal  
I see potential in John, talk to him once a week  
Media targetting our city in This Week  
I lost a lot of friends, and they ain't even dead  
When I was on my way up, why you ain't see the stairs  
Lord father if I opted to follow them  
My heart would tear from my dreams let me know that you here  
And it's rare when I'm anywhere with too many heads  
Niggas jealous and never tell it until they stare  
How could you blame us envy  
We do the same thing for a living  
Know the same niggas but they all commend me  
Champagne I'mma spill it until we all fill up  
Maybe it stopped me from giving a fuck about opinions  
Probably not but I'm temporary out of fizux

Until the posterly propaganda the politicians

Hold me tight, let me go  
Heal my heart, hurt my soul  
Build me up, break me down  
Make me smile, make me frown  
Give me love, take it all away again  
Give me love, take it all away again
