I'm ballin ay [x4]

We ballin ay [x7]

I'm a make it rain

Straight shots, don't toast champagne

AKOD a lil bit a change

And these broads all know my name

Hol up

I'm a make it rain

Straight shots, don't toast champagne

Magic city a lil bit a change

And these broads all know my name

Let's get it crack

One time DC where da city at

If she give it to me now

She goin give it back

I'm a needa know now, can a brotha crack?

Or a brotha gota roll like a brotha act

I'm foolish shawty

I just wana know can we do this shawty?

Flower bomb on you and shawty

And I can be ya hole inta ya lips shawty

I'm a make it rain trick

This a lil change trick

Henny got me spinning like a fuckin hurricane kick

DC PG where I be

L-O-U-D air I breathe

She like me from that no hands but

I'm a need her to use no teeth

I ont know you chick, you ont know me

Baby I'm a dawg, tell them hoes all flee

Hot whip something cold on my feet

This is not somethin that I wrote for the Queens

You just do ya thing chick

I'm a letchu hang chick

She said she a magic city

Then I'm David Blane bitch
