

Pyramids

Wale

I know your heart, I know your vibe
And you know your role, cause you down for life
Yeah, you ain't been here but you real as shit
But your body is, a pyramid

I'm saying no, I'm saying no
I'm saying I be that reason, you grow
I'm saying no, I'm saying no
I'm tryna build you up, I'm tryna watch you grow
I'm saying no, I'm saying go
I'm tryna build you up I'm tryna watch you grow
I'm saying go, I'm saying no
I'm tryna build her up so I can watch her grow

I can hold your hand or get to know your friends
I can show you all that cool shit how to throw that gear on
I can be your [?] I can be your man look
[?] I know you tryna see them bands
I won't leave you hanging if you need me
I can be there if you need me
I know you ain't ever been to Egypt
But if I get a chance I can be your trip
El Castillo, [?] Mexico
Me and she like a bullet in a torpedo
And you're so small but you got a big ego
And you're so small but you got a big ego
Oh my goodness, handle her business
Let her pride go, let a real guy in it
The 6-2 pull up and no I won't [?]
But she got potential I'm saying ill build her
Sort of like a pyramid

I'm saying no, I'm saying no
I'm saying I be that reason, you grow
I'm saying no, I'm saying no
I'm tryna build you up, I'm tryna watch you grow
I'm saying no, I'm saying go
I'm tryna build you up I'm tryna watch you grow
I'm saying go, I'm saying no
I'm tryna build her up so I can watch her grow
