

The Opening Title Sequence

Wale

10 deep

Swag-er. This is a mixtape about... nothing. Not on drugs

If you bear with me you might see the undertone

Of the undertoned message that's at hand at the you know that I'm talkin' about? Yeah

Look

Hmm, what's the deal with this rap stuff?

Since Napster the sales been crashin' and

Since Napster the game's been flooded by

Has-beens and never-will-be, ringtone rappers

Hmm, what's the deal with these ringtones?

Niggas buy ringers can't pay their bill though

Thus contributing to ongoing credit

Issues their issue's pathetic, please listen to me

Hmm, what's the deal with these issues?

Magazines who at times seem to misuse

My time with their half-witted reviews

And the blogger has their reviews in rear view

Because he made his decision

A month prior when it, leak on the Inter-net

So now the net sales quivers

The record sold slips and the drop is now imminent

Yeah

What's the deal with the Nets though

Like being in the east ain't enough hell for 'em

Two Carters

I thought it'd get better but

They're getting rid of Kidd, like a miscarriage

Hmm, what's the deal with the DMV?

Niggas is unifying as we speak

And as we speak niggas hatin' me

While they hate me

They sendin' beats for a fuckin' feature

Hmm, yeah, and what's the deal with these rap features?

Half-witted rappers should of stuck to grass pushin'

I'm glad pushin' that envelope, it's mad open

It shows I know a bit

Rasputia

And, what's the deal with Rasputia?

I mean Eddie Murphy, swang, gettin' married

He got a wife, ex-wife, and a baby mother

In the same year

But I ain't judgin'

Hmm, what's the deal with these niggas judgin'?

I moved from DC in 1990-somethin'

I got a number one spot who gon' take it from me?

And I ain't never left

That's why I'm makin' money

Hmm, what's the deal with makin' money?

And why black niggas can't get enough of it?

But too much gets you viewed in the news youngin'

For shootin' done to you or we're losin' money

Shoot young and what's the deal with these little youngin's?

And True Religions make your butt look ugly youngin'

Let me put you on the joke, I'll put you on the frank

And tell me what you is, can't tell me what you ain't

I can tell you that this tape
Collection of freestyles that I just want to make
And not a single feature except Lil Wayne
Cause everybody else did it I had to save face
And if you love substance you'll love Wale
But most niggas love nothin' so I made this tape
Get it?
Most niggas love nothin' so I made this tape
Gone
