

What's The Play

Wale

Ay look
Niggas don't want problems like we want it
Any deeper in the field id have cleats on me
Ya'll needed ya'll villain 13 summers
But I be still running shit like ya'll in deep coverage
I don't need friends I need brothers
I don't need a woman I just need luggage
If everybody with you how could everybody love you
Cause everybody too down until you need a bucket
Hotel I got it covered I don't need a budget
If loyalty & everything than everything is nothing
Cause loyalty is everything especially a struggle
What's the play when it get late
Theh say what's the play they on the way
They say what's the move I gotta show
Its just a- hey

I got missin on the west side
I don't know how to feel I'm jaded
Do they miss a nigga on that side
They don't know me for real its just favors
Keep it real even killers need savings
Keep it real even villains need thank yous
They just be calling it here

Guess I'm famous
I really got homies that's familiar strangers
I really got shawtys that be equally as selfish
She never say we shit we ain't even really french
Cause I struggle with love maybe I heard it way too much
I seen it too little maybe I wiggle outta hug
Its always from a con
I couldn't even trust a shadow to my sun I need a gun
I know to be a player but Bellamy know what's up
Bro felons is coming home tattletellers showing up
That's allegedly though whatever what do I know
I'm knowing that love change but jealousy

What's the play when it get late
They say what's the play they on the way
They say what's the move I gotta show
Its just a- hey

I got missin on the west side
I don't know how to feel I'm jaded
Do they miss a nigga on that side
They don't know me for real its just favors
Keep it real even killers need savings
Keep it real even villains need thank yous
They just be calling it here
