

## Winter Wars

Wale

Yes, this shit is raw, comin' at your door  
Black and yellow O Dunks Alizé, young Folarin  
(Su-Summers off) Wha-what?

Yeah, I want the smoke with most of these niggas  
I'm way doper than niggas, I make a ghost of these niggas  
Nah, I want the smoke with like all of these niggas  
My slime get you his nickel load den he got to wet ya  
I'm bicoastal, bipolar, I buy clothes a lot  
My bi bitches my best friends, we f\*cking been through a lot  
I'm ducking your crew never, I'm checking your tour route  
My niggas'll bust your bus up until it's morgue now  
Some niggas was court seats, now niggas is courtside  
Same niggas'll take your head off like they was Lee Corso  
Mm, damn, the watermelon leaking  
I'm unconventional 'cause I'm shy, but that loud speaking  
Yeah, and I'm from a gentrified city  
Ironic, they cake walk while niggas would pie flip at the  
Broads tell me to chill, broads with me to f\*ck  
You can call me whatever, just put that boss in front  
Proud, black and I'm rich, and I'm strapped, pull up  
Don't call a hater a hater, I say it's cowardly love  
In and out of the clubs and I'm out with these hoes  
In-N-Out with the burger, I'm sure to hit Bossa Nova  
'Bout to flex at Katana, Mr. Hefner, but darker  
All my women are sexy and too articulate for you  
Texting I miss 'em, I'm horny, fly in and dive in her middle  
Bite on her kitten, it's purring, her body weak and important  
Leak up the sheet, said she oversleep 'cause of me in the morning  
If she get to geekin', I stop, see a nigga decent but nah  
And she wanna meet up too much, I tell her I'm vegan, hol' up  
And I want my guys in the Forbes and I want my females in Lyft  
And I know my day ones will put it down if my haters pull up  
Oh, see, that mean I'm crazy, Uchis Kali, what's up?  
O.T., that mean my game tight [?]  
Mm, bucka-bucka, Folarin

Take summers off  
I- I take summers off  
I take  
I take summers off 'cause I love winter beef

Take  
I take summers off 'cause I  
I take- I take  
I take summers off 'cause I love winter beef

Okay, Wale, niggas coming home, we gon' party  
Northeast, shout out to my dawgs Pat and Big E  
Proceed, I been going hard 2018  
They taught I'd stop fighting, it's Conor and Khabib, I got it  
Any flow, they done started getting shoes  
They done started talking trip, I'm drowning in Penny Phoams  
I just left that complex, should've put Canaries on  
Walk right in that riot like we got it, nigga, there it go  
2019 approaching, I'm 'bout to get back flexing  
Meek, Folarin and Rozay Zion, RJ, Krzyzewski

Duke it out and we want the smoke like a hookah house  
I bet them dudes mount like they coup de grace on the Moon bouncin'  
Do as I say, not as I do, that is my  
Real advice for you niggas bitin'  
On my side sub 45 and oversizings  
On my side hate 45 and whoever ride with him  
I am famous and anxiety riddels my damn mind every minute  
I chill out and forget it by getting high, my nigga  
No, don't try a nigga 'cause I ain't 'bout to forgive 'em  
You push buttons, eventually push flowers, I meant it  
A real dawg sleep on me, I still ball  
I'm feeling like Josh Hart, I'm feeling like Jamal Crawford  
Silly me fed the media for a second  
I know they sick, now it's titled Joe, yo Ebro, wanna check it?  
(Take summers off) Boy, I dropped three EPs  
The fiends came back scratching, oh y'all niggas need me ay  
(I take) Shots from niggas that [?] for living  
From writers that need jobs, when I react, they get 'em  
A lil' bag, they get 'em a lil' check  
I get in my lil' feelings and really just wanna smack  
A nigga and they retract, retract  
I'm like nah, you said it, I walk away relaxed  
They think it's done but they finished, it's winter  
(Take) Nigga, no [?] answer  
Nigga  
I take summers off 'cause I  
I take- I take  
I take summers off 'cause I love winter beef  
Woo!
