

# The Dragonfruit Song

Walk Off the Earth

If I had to choose  
Between you and a dragonfruit  
I would tell you that you had to lose  
Cuz I just love me some dragonfruit  
Some dragonfruit

Crunchy like a kiwi  
Don't have to take a plane to Mexico to eat me  
Romie & G's Omega 3's and Vitamin C  
Dragonfruit will light a fire under your seat (Hey)  
So grab me a Pitaya, light a fire, cut a slice up  
Peel the rind up, drizzle honey, yeah you know it's cash money  
No practice, uh, come and pick me from a cactus  
Cuz the moths are dropping pollen where the bats is

If I had to choose  
Between you and a dragonfruit  
I would tell you that you had to lose  
Cuz I just love me some dragonfruit  
Some dragonfruit

If I had to choose  
Between you and a dragonfruit  
I would tell you that you had to lose  
Cuz I just love me some dragonfruit  
Some dragonfruit

Crunchy like a kiwi  
Don't have to take a plane to Mexico to eat me
